THIRD
QUARTERLY
REPORT

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of ZZ Capital International Limited 中植資本國際有限公司 (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

The drop compared to the corresponding period in 2015 was due to the shift of business focus.

While there was no disposal of fixed assets in the nine months ended 31 December 2016 (2015: HK\$0.15 million), the Group sold its 100% held non-core subsidiary, Well Baly Limited, in December 2016 at a net loss on disposal of subsidiary of HK\$0.34 million (2015: Nil).

Staff cost remained the largest cost component for the Third Quarter Fiscal 2016, and 44% of the operating expenses for the nine months ended 31 December 2016.
- The Group ended with a total comprehensive loss of HK\$27.54 million (2015: total comprehensive income of HK\$4.93 million) in the Third Quarter Fiscal 2016, and total comprehensive income of HK\$95.38 million (2015: HK\$7.13 million) for the nine months ended 31 December 2016. In furtherance of the Group’s business activities, a subsidiary of the Company has obtained a money lenders licence under the Money Lenders Ordinance (Chapter 163 of the Laws of Hong Kong).

2. BASIS OF PREPARATION

The unaudited condensed consolidated third quarterly financial statements for the nine months ended 31 December 2016 (the “Third Quarterly Financial Statements”) have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and the applicable disclosure requirements of the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”).

The principal accounting policies used in the preparation of the Third Quarterly Financial Statements are consistent with those used in the preparation of the Group’s annual financial statements for the fifteen months ended 31 March 2016. However, the Third Quarterly Financial Statements do not include all of the information required for annual financial statements and they should be read in conjunction with the Group’s audited annual financial statements for the period ended 31 March 2016.

The HKICPA has issued a number of new and revised HKFRSs and interpretations that are first effective or available for early adoption for the current accounting period of the Company. The adoption of these new and revised HKFRSs has no material effect on the Third Quarterly Financial Statements, and there have otherwise been no significant changes to the accounting policies applied in these financial statements.

The Third Quarterly Financial Statements are presented in Hong Kong dollars (“HK\$”), which is also the Group’s functional currency. All values are rounded to the nearest thousand (HK\$’000) except when otherwise indicated.

Inter-company transactions and balances between Group companies are eliminated.

6. EARNINGS/(LOSS) PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE COMPANY

The calculations of basic earnings/loss per share for the three months and nine months ended 31 December 2016 are based on the unaudited consolidated loss of HK\$27,538,000 and profits of HK\$95,375,000 attributable to ordinary equity holders of the Company for the three months and nine months ended 31 December 2016 respectively (three months and nine months ended 31 December 2015: unaudited consolidated profits of HK\$4,933,000 and HK\$7,133,000 respectively) and the weighted average number of 3,550,496,836 shares in issue for each of the three months and nine months ended 31 December 2016 respectively (three months and nine months ended 31 December 2015: 1,453,744,348 shares and 1,452,277,455 shares respectively).

Diluted earnings/loss per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive, potential ordinary shares. There is no adjustment made to the weighted average number of ordinary shares for the three months and nine months ended 31 December 2016, the basic earnings/loss per share is therefore the same as the diluted earnings/loss per share for the three months and nine months ended 31 December 2016 respectively.

6. EARNINGS/(LOSS) PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE COMPANY *(Continued)*

The calculations of diluted earnings per share for the three months and nine months ended 31 December 2015 are based on the unaudited consolidated profits of HK\$4,933,000 and HK\$7,133,000 attributable to ordinary equity holders of the Company for the three months and nine months ended 31 December 2015 respectively and the adjusted weighted average number of 1,519,740,000 shares in issue for each of the three months and nine months ended 31 December 2015 respectively.

On 9 December 2016, Asian Capital (Corporate Finance) Limited (“Asian Capital (Corporate Finance)”), a wholly-owned subsidiary of the Group, and Master Link Assets Limited (“Master Link”), a related party to the Group, entered into a sale and purchase agreement of which Asian Capital (Corporate Finance) disposed of its 100% held non-core subsidiary without business activities, known as Well Baly Limited, to Master Link at a total consideration of HK\$520,000. Such disposal resulted in a loss of HK\$341,198 on the Group’s unaudited consolidated statement of comprehensive income for the Third Quarter Fiscal 2016.

8. DIVIDENDS

The Board does not recommend the payment of a dividend for the nine months ended 31 December 2016 (2015: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Business review

While China’s gross domestic product growth increased slightly to 6.8% in the Third Quarter Fiscal 2016 (up from 6.7% in the previous quarter), the new Trump regime in the U.S. casts a cloud of uncertainty over the short-term outlook for Sino-U.S. relationship. The Third Quarter Fiscal 2016 was also marked by a significant deceleration of China outbound mergers and acquisitions (“M&A”) activity, which coincided with Renminbi falling to its lowest level in nearly eight-and-a-half years and the Chinese authorities imposing restrictions on outbound investments to curb capital outflow. In Hong Kong, the Hang Seng index ended down 5.6% versus the previous quarter.

Against this backdrop, we continued our efforts in the Third Quarter Fiscal 2016 to build out our internal and external execution capabilities in Hong Kong, London, New York, and Tel Aviv, formulated and communicated our investment strategies and processes, appointed the Head of Compliance based in Hong Kong, and upgraded our global email system for better communication and productivity. In addition, we have been in discussions with institutional partners to explore ways to secure and expand our offshore funding sources.

MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Financial review

The Group's corporate advisory income for the nine months ended 31 December 2016 amounted to HK\$15.46 million (2015: HK\$23.23 million), attributed to a HK\$5.74 million (2015: HK\$12.67 million) of such income earned during the Third Quarter Fiscal 2016. The drop compared to the corresponding period in 2015 was due to the shift of business focus from corporate advisory to alternative investments and overseas M&A.

For investment advisory and management income, the largest revenue component for the nine months ended 31 December 2016, HK\$2.76 million (2015: Nil) was recognised in the Third Quarter Fiscal 2016, accumulating to a total of HK\$191.21 million (2015: Nil) for the nine months ended 31 December 2016. During the reporting period, the Group recorded placing and underwriting income of HK\$1.52 million in both the Third Quarter Fiscal 2016 (2015: HK\$1.51 million) and the nine months ended 31 December 2016 (2015: HK\$2.16 million).

Net interest income decreased to HK\$1.00 million (2015: HK\$1.33 million) and HK\$1.72 million (2015: HK\$3.40 million) during the Third Quarter Fiscal 2016 and the nine months ended 31 December 2016 respectively due to the disposal of interest earning securities in last financial year ended 31 March 2016. While there was no disposal of fixed assets in the nine months ended 31 December 2016 (2015: HK\$0.15 million), the Group sold one of its wholly-owned non-core subsidiaries, Well Baly Limited, in December 2016 at a net loss on disposal of subsidiary of HK\$0.34 million (2015: Nil).

Accordingly, the Group's overall revenue and other income reached HK\$10.71 million (2015: HK\$15.68 million) for the Third Quarter Fiscal 2016, and HK\$209.59 million (2015: HK\$30.46 million) for the nine months ended 31 December 2016.

Operating expenses for the Third Quarter Fiscal 2016 and nine months ended 31 December 2016 reached HK\$37.98 million (2015: HK\$9.80 million) and HK\$95.10 million (2015: HK\$21.60 million) respectively. As the Company continued to develop its global investment execution capacity, costs rose significantly for the Third Quarter Fiscal 2016 and nine months ended 31 December 2016 versus the corresponding period in 2015. The types of operating expenses, which elevated the most during the nine months ended 31 December 2016, included staff cost increase of HK\$28.74 million due to the increment in headcount, recruitment expenses for new hires rose by HK\$14.83 million, and provision for value-added tax and surtax amounted to HK\$12.85 million mostly driven by the investment advisory and management income from 中植資本管理有限公司 (Zhongzhi Capital Management Company Limited*) ("Zhongzhi Capital Management"). Staff cost remained the largest cost component for the Third Quarter Fiscal 2016, and 44% of the operating expenses for the nine months ended 31 December 2016.

The Group ended with a total comprehensive loss of HK\$27.54 million (2015: total comprehensive income of HK\$4.93 million) in the Third Quarter Fiscal 2016, and total comprehensive income of HK\$95.38 million (2015: HK\$7.13 million) for the nine months ended 31 December 2016. Basic earnings per share for the nine months ended 31 December 2016 was HK2.69 cents (2015: HK0.49 cent).

MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

Financial review (Continued)

With the Group's cash position around HK\$1,042.10 million with no outstanding loan position as at 31 December 2016, we will continue to identify and pursue global investment opportunities in various types of assets and geographies.

The Board does not recommend payment of a dividend for the nine months ended 31 December 2016 (2015: Nil).

Outlook

While the Chinese authorities' restrictions on outbound capital flow have certainly dampened overall outbound M&A activities in the region, we continued our evaluations of a number of potential investment opportunities around the world during the Third Quarter Fiscal 2016 which had positioned us for a strong start in January 2017. However, we expect that the general sentiment for investment activity to be somewhat subdued in 2017 given the Chinese government's focus on supporting its currency and maintaining stability in the lead up to the Communist Party's 19th Party Congress in November 2017 (which is held every five years) as well as the uncertainty lingering from the new Trump regime in the U.S.

The Group's strong cash position at approximately HK\$1,042.10 million as at 31 December 2016 positions us well for global investment execution in 2017, which will strengthen and diversify our income sources, enhance long-term profitability and shareholder value. Such investment and underwriting activities however are by nature subject to market volatility and other risks, which may impact the Group's profitability from time to time.

SHARE OPTION SCHEME

The principal terms of the share option scheme adopted by the Company on 7 June 2010 (the "Share Option Scheme") were summarised in the section headed "Share Option Scheme" in Appendix V to the Company's prospectus dated 11 June 2010. During the Third Quarter Fiscal 2016, no option was granted, exercised or lapsed under the Share Option Scheme.
